HIGHER COLLEGES OF TECHNOLOGY

CELEBRATING **21** YEARS OF EXCELLENCE

The Higher Colleges of Technology (HCT) is the largest and fastest-growing post-secondary educational institution in the United Arab Emirates (UAE). It operates under the jurisdiction of the Federal Ministry of Higher Education and Scientific Research, offering Diploma, Higher Diploma, Bachelor's and Master's level programs to more than 17,000 students in 16 colleges located in all the major Emirates in the UAE. Each college operates quasi-autonomously within academic and administrative parameters collaboratively established at the System level. The language of instruction is English, the great majority of the teachers are drawn from the English-speaking world, and the campuses are equipped with state-of-the-art technology. The UAE is a safe, modern, and prosperous country.

HCT is currently recruiting elite academics for Corporate appointment from across the globe. The incumbents of this positions lead research and development in emerging technical fields and specialist programs. Excellence in teaching and research creates excellence in graduate outcomes, benefiting HCT students, industry, and the wider business community.

Dean appointments will champion programs across the HCT system. Working with other Deans of Instruction, Academic Program Supervisors, and Business Faculty from across the organization, the incumbents will review, design, and develop state-of-the-art programs that meet the needs of students and industry. The positions will promote best practices, monitor and improve academic standards, evaluate student performance, facilitate faculty development, and develop relationships across the system and in the community.

### Dean of Real Estate Management

Candidates should have 1. A Ph.D. in real estate or closely related built environment discipline; 2. a significant track record in applied research, undergraduate and postgraduate teaching and non-academic work experience in a combination of real estate management and development; 3. an understanding of global developments in real estate and urban development; 4. experience interacting and working effectively with the private sector and professional and external groups; 5. a strong evidence-based commitment to student centered learning principles and practices.

**Salary & Benefits:** The HCT offers a competitive compensation package and is considered to be among the best in the Gulf countries. This includes a **tax-free salary**, relocation allowance, unfurnished accommodation, tuition assistance for dependent children, 44 work days of paid annual vacation, annual air tickets to country of origin for employees and their eligible dependents, free medical coverage for employees and eligible dependents, a generous contract completion bonus and much more!
